

## The Story Behind the Bear

Bears have been revered for centuries in indigenous cultures around the world. Bears represent wisdom, peaceful strength, and healing. Although they are extremely large, a 600lb Grizzly can tread through the forest so gracefully that you may never see him. It's been observed that predators will stop their hunts in the powerful presence of a Bear. It is believed that ancient peoples learned about the use of medicinal herbs by watching the Bears heal themselves. In Native American folklore, Bears are highly respected as “the keeper of dreams” or “the keepers of the medicine”. To us, the Bear is our guide and totem.

celebrating life through ritual

## Ceremonial Herbal Blends

The herbs in these blends grow everywhere, probably even in your backyard. Humans have always used them for healing and ceremony. They have simply been forgotten. The language of herbs is slowly disappearing, along with the ancient rituals of indigenous cultures.

Please don't forget. These ceremonial blends are here to remind you.

### how do i use it?

#### drink it

The loose blends can be steeped and made into a tasty tea. We recommend adding a little lemon and honey. Just be prepared to have vivid dreams.

#### smoke it

The ritual of smoking can be enjoyed with a pipe, a rolling paper, a bong, or a dry herb vaporizer. These herbs may be smoked alone or mixed with others.

#### vape it

The herbal liquids were formulated to be vaped in a low temperature subohm vaporizer. The dry herb blends can also be vaped in a Pax.

## Introducing Bear Blend

Bear Blend ceremonial blends are made from the finest herbs; certified organic, biodynamic and fair trade. The blends are handcrafted in small batches in our certified organic facility in Southern California. The seven unique recipes each with unique flavors and effects have been prepared as a loose blend, a pre-rolled herbal cigarette and a 100% vegetable glycerine based e-liquid for vape pens.

Bear Blend is also developing a tea and a smokable herbal CBD blend to be released in 2019.

### the products

#### RYO (roll your own) Loose Blends

The ceremonial loose blends have been developed after years of research and experimentation. Each flavor is blended for specific taste and effects. The blends can be brewed into a tea, smoked in a pipe, or vaped in a dry herb vaporizer. Many of our customers also mix the herbs with other smoking herbs or tobacco.

#### Liquid Herbz™ - Organic Herbal eLiquid

Our 100% USDA Certified Organic Herbal eLiquids made of vegetable glycerine, herbs, and organic flavoring. The Liquid Herbz are all VG, so they will produce quite a bit of vapor. They work best in a subohm vaporizer at a lower temperature and can also be blended with other liquids if desired.

#### Rolliez™ - Prerolled Herbal Cigarettes

The Rolliez are each hand rolled with Raw or Futurola papers and come in packs of ten. Because of the relatively low tar percentage of the herbal blends, the Rolliez do not produce the same amount of smoke as a normal cigarette. We recommend pre-lighting it like incense and sipping the smoke gently.

### the flavors

#### AMAZON

This blend is activating and flavorful with a hint of clove. It inspires alert relaxation and balancing with a medium effect.  
**Active Herbs:** Calamus, Passion Flower, Clove

#### DREAM LODGE

Powerfully relaxing with hops and valerian. It is body calming, spirit opening, and dream enhancing with a strong effect.  
**Active Herbs:** Valerian, Hops, Wormwood, Tarragon

#### KIN NIK NIK

An expansive, third-eye opening, uplifting blend with herbal undertones. It is peaceful and cerebral with a medium effect.  
**Active Herbs:** Damiana, Uva Ursi, Motherwort, Passion Flower

#### MINTZ

A stimulating balance of flowers, herbs, and mint. Mintz offers more smoke than some of the other blends with a mild effect.  
**Active Herbs:** Peppermint, Mugwort, Damiana, Lobelia

#### MOON

A gentle rose flavor with a touch of lavender. Blended for women, it has a medium grounding and balancing effect.  
**Active Herbs:** Rose Petals, Motherwort, St. John's Wort, Tulsi

#### ORIGINAL

The Original Bear Blend is our most floral and aromatic blend. It is relaxing and soothing with a mild effect.  
**Active Herbs:** Mugwort, Damiana, Catnip, Lobelia

#### VIZION

Energizing and activating, Vizion brings awareness and clarity with a medium effect. It has a slight tobacco flavor.  
**Active Herbs:** Mate, Ginko Biloba, Gotu Kola, Skullcap
