BEAR BLEND
celebrating life through ritual

WHY BEAR BLEND?

It's One of a Kind

Bear Blend offers unique combinations of herbs you won't find anywhere else - herbs like Damiana, Passionflower, Uva Ursi, Motherwort, Calamus, Hops and Wormwood, just to name a few.

It's Certified Organic

If your customers enjoy high quality products made with integrity, you will love Bear Blend's certified organic ceremonial blends. Each batch is handcrafted with love in our certified organic facility in California, where some of the best herb is grown.

It's Medicinal

Herbs have long been used as a medicine by native peoples to treat physical and emotional ailments - and to just feel good. Several of the herbs in our blends are known for their relaxing and anti-anxiety effects.

It's Recreational

Customers love using Bear Blend to enhance the experience of cannabis and tobacco. We're talking about delicious combinations you didn't even know were possible before. Mellow out the buzz, kill the harshness on the throat and add to the flavor.

Introducing Bear Blend

Bear Blend ceremonial blends are made from the finest herbs; certified organic, biodynamic and fair trade. The blends are handcrafted in small batches in our certified organic facility in Southern California. The seven unique recipes each with unique flavors and effects have been prepared as a loose ceremonial blend, a pre-rolled herbal cigarette and a vegetable glycerine based herbal elixir.
